DIV. OF OIL, GAS & MINING

Dear Ms. Dean:

On December 7, 2011, Larry Garahana of my staff conducted an inspection on Star Stone Quarries Inc., Lion Heart Quarry, serialized UTU-72299 (S/003/0033), which is located in Box Elder County, Utah. That inspection concluded that the earthwork was complete and that with the exception of revegetation requirements, no further reclamation is needed at this time.

The Bureau of Land Management (BLM) concurs with the Division of Oil, Gas & Mining (DOGM) in that a portion of the reclamation surety(s) for the referenced mine site can be released at this time. The BLM will release the entire surety it holds and we authorize the DOGM to release all but \$5,000.00 of the surety they hold. The \$5,000.00 will be held until revegetation standards are achieved.

If you have any questions, or require additional information, please contact Larry Garahana of my staff at (801) 977-4371.

Sincerely,

Michael G. Nelson
Assistant Field Office Manager
